

COVID-19 SOCIAL CIRCLE RECOMMENDATIONS

July 19, 2020

In order for a member organization to implement "SOCIAL CIRCLES" the following must be considered and/or occur.

1. A "SOCIAL CIRCLE" is a term used by the Government of Ontario to allow groups of people to interact without physical or social distancing rules.
2. Please realize that utilizing a social circle does not eliminate the risk of COVID-19 transmission and could be considered a riskier activity.
3. A social circle plan must be developed and agreed upon by all persons involved (as per the Government of Ontario information).
4. If one (1) member of the social circle becomes ill or test positive for COVID-19 all members should isolate and seek testing. In addition, communication with the local public health is recommended.
5. All members of a "SOCIAL CIRCLE" should fill out the Boxing Ontario "Social Circle agreement" or a similar agreement (as per the Government of Ontario Information).
6. At no time shall the total size of a social circle exceed the number allowed by government or public health regulations.
7. For further reference: <https://www.ontario.ca/page/create-social-circle-during-covid-19>.
8. It is recommended that the local Public Health be contacted to ensure this meets their requirements.
9. An example of a working social circle (of 7 people) is as follows:
 - Athlete A
 - i. Athlete A's life partner; who the athlete lives with.
 - Athlete B
 - i. Athlete B's mother; who the athlete lives with.
 - ii. Athlete B's father; who the athlete lives with.
 - iii. Athlete B's sister; who the athlete lives with
 - iv. Athlete B's partner; who the athlete has close contact with.

COVID-19 SOCIAL CIRCLE AGREEMENT

We the undersigned understand the risks associated with a “Social Circle” during COVID-19 and agree to follow the Boxing Ontario COVID-19 SOCIAL CIRCLE RECOMMENDATIONS.
